alexa will be displayed, you need to login with amazon to continue. Select the login with amazon button

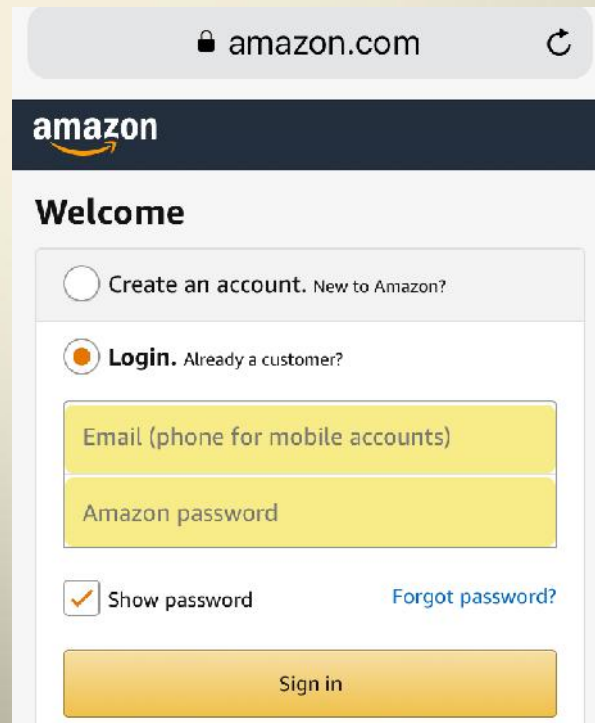

Axiu m

Audio & Control
Systems

Sign into your account

A screenshot of the Amazon sign-in page. The browser address bar shows 'amazon.com'. The Amazon logo is at the top. Below it, the word 'Welcome' is displayed. There are two radio button options: 'Create an account. New to Amazon?' (unselected) and 'Login. Already a customer?' (selected). Below these are two yellow input fields for 'Email (phone for mobile accounts)' and 'Amazon password'. There is a checked checkbox for 'Show password' and a blue link for 'Forgot password?'. At the bottom is a yellow 'Sign in' button.

Systems

The AMM and your amazon alexa account are now linked. The number of linked accounts shown will increase to reflect the account association.

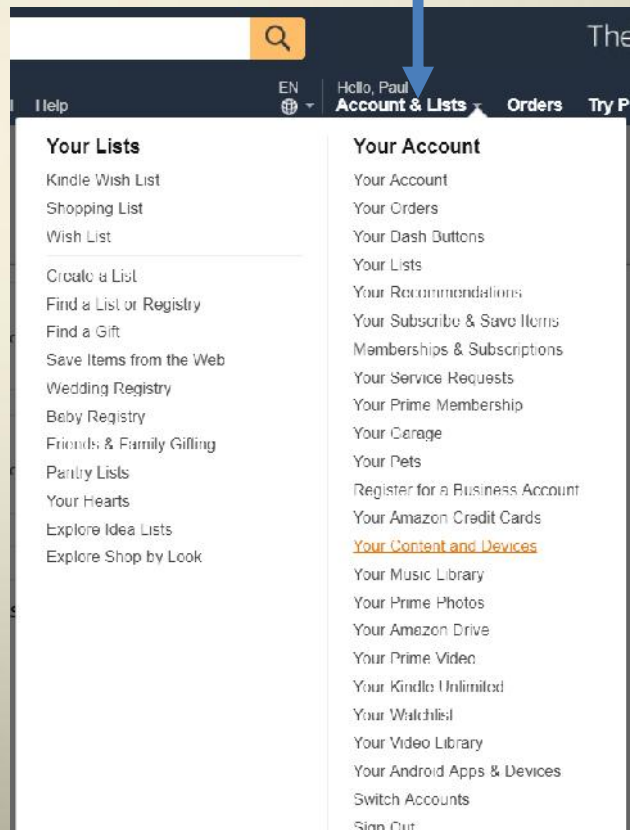

Axiom

Audio & Control
Systems

On your PC, log into Amazon.com. It is important that you check that you are connected to the .com USA site. To check this expand the Accounts & List tab

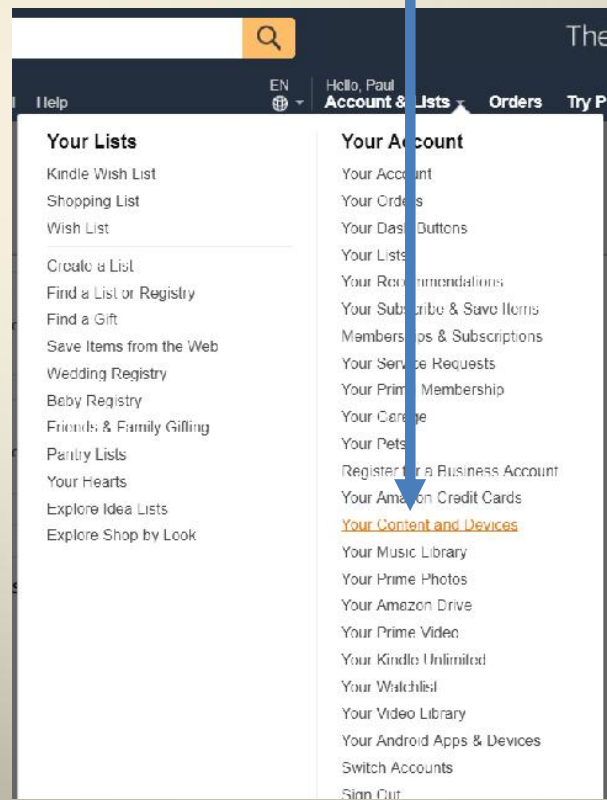

Axiu m

Audio & Control
Systems

Then click on Your Content and devices

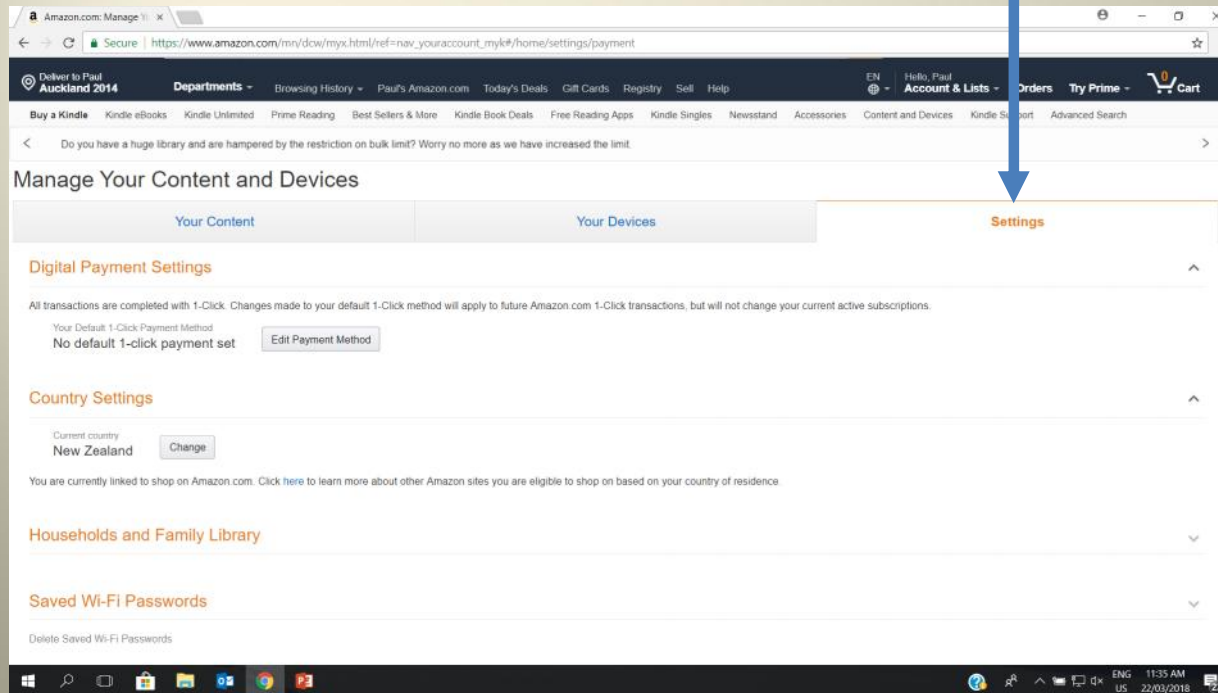

Axiu m

Audio & Control
Systems

Now select the Settings Tab

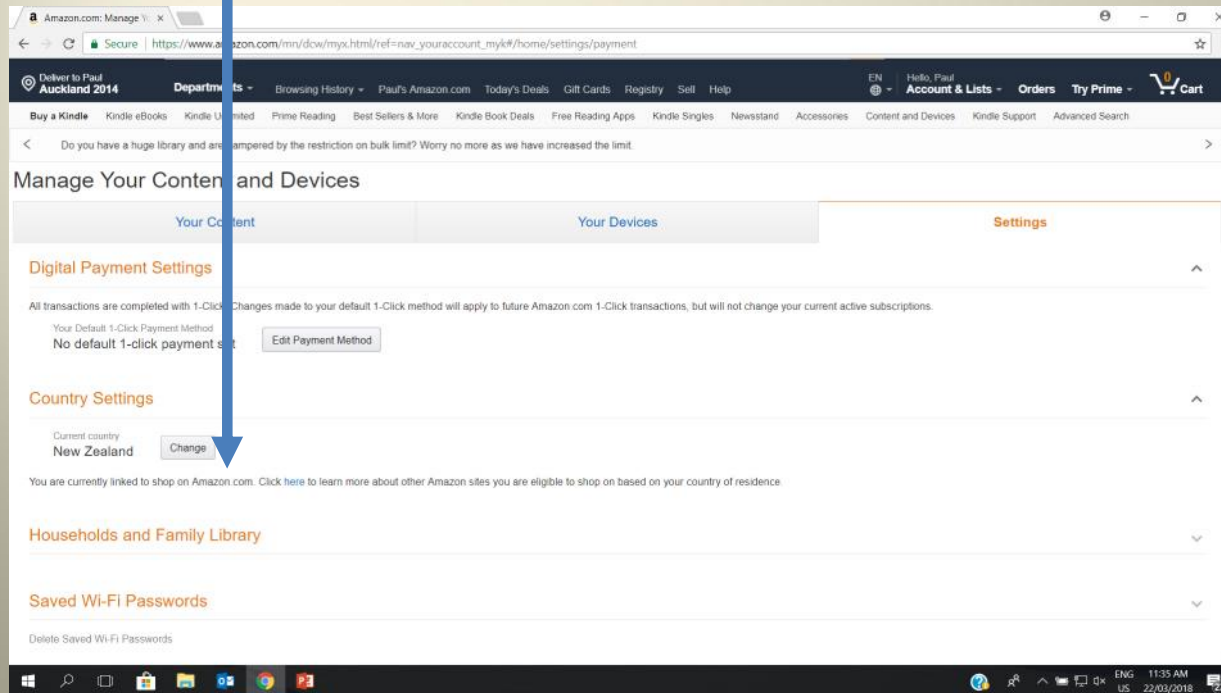

Axiom

Audio & Control
Systems

Then click on Country settings. It will then display what shop you are linked to, this needs to be the Amazon.com shop.

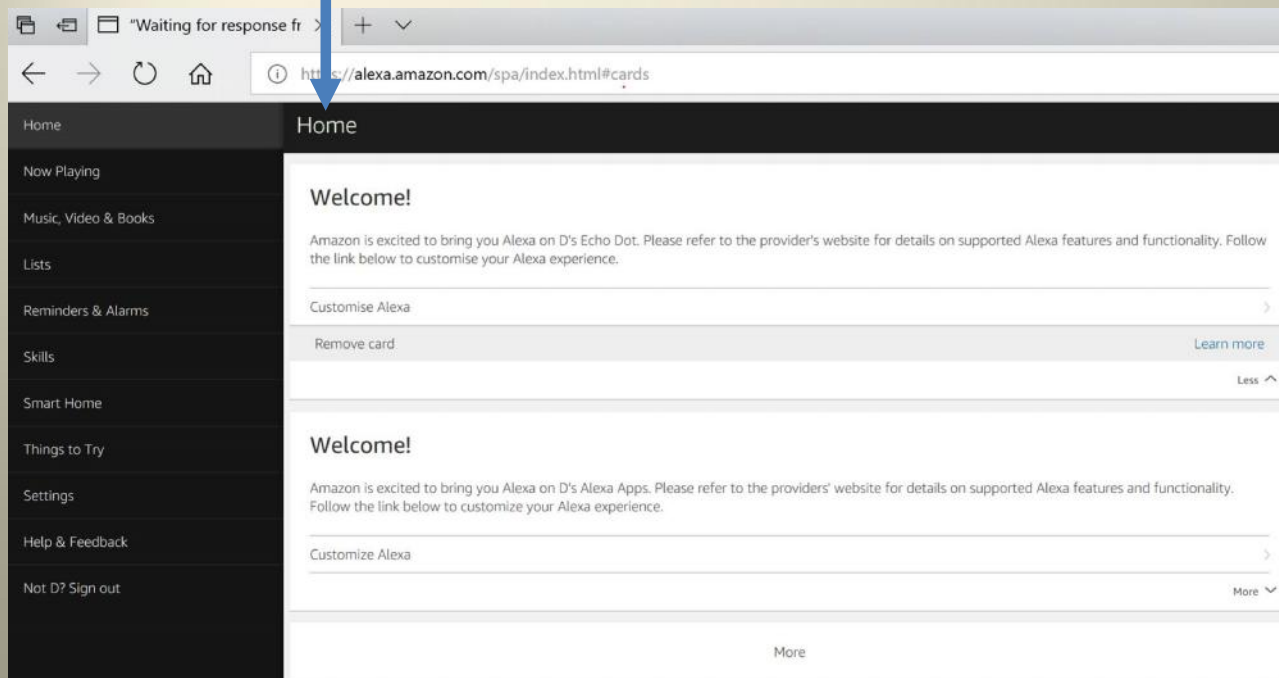

Axiom

Audio & Control
Systems

In your browser go to www.alexam.com.
This will direct you to the home page.

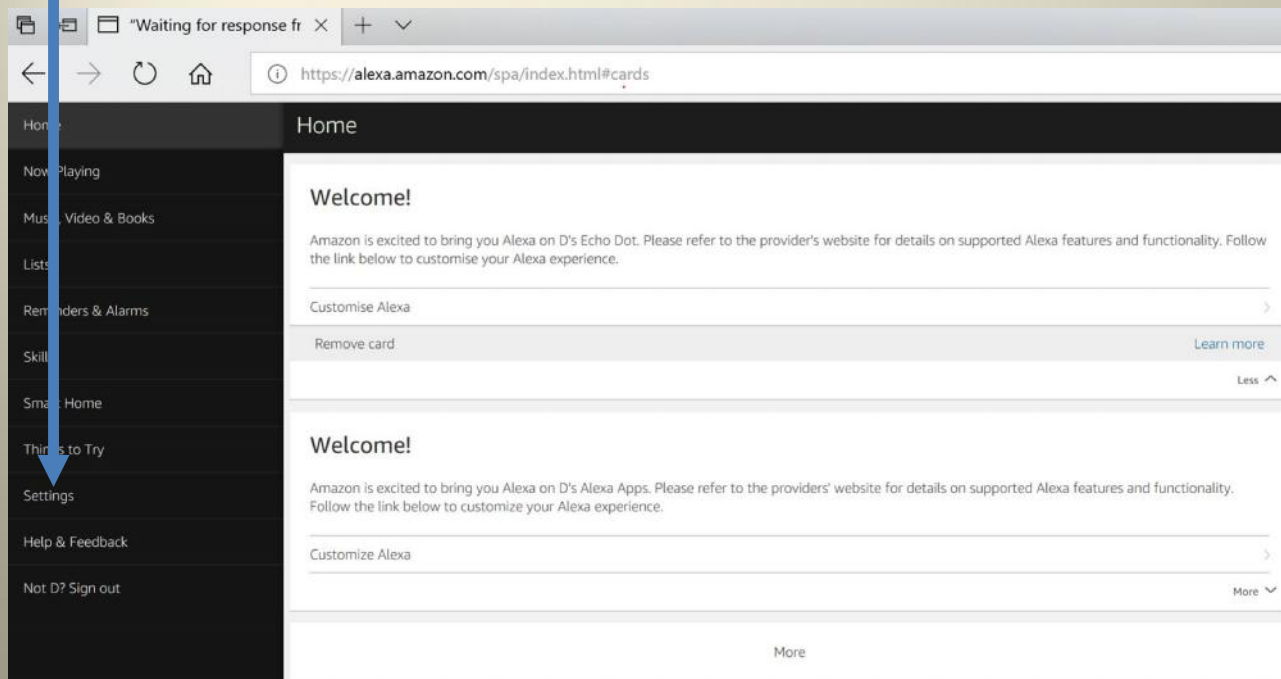

Axiom

Audio & Control
Systems

Click on the settings tab

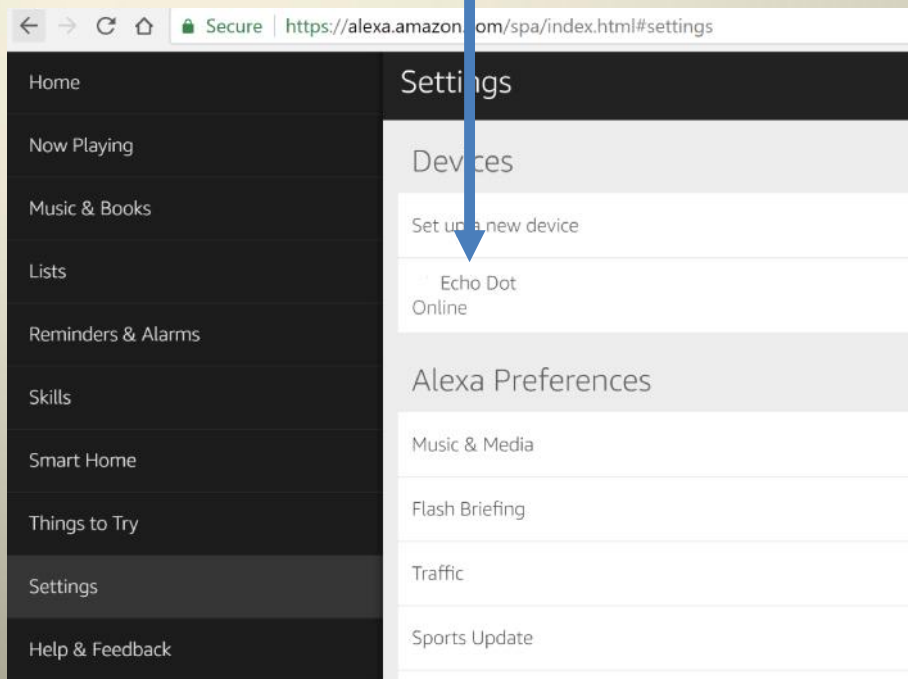

Axiom

Audio & Control
Systems

Now select your Echo Dot

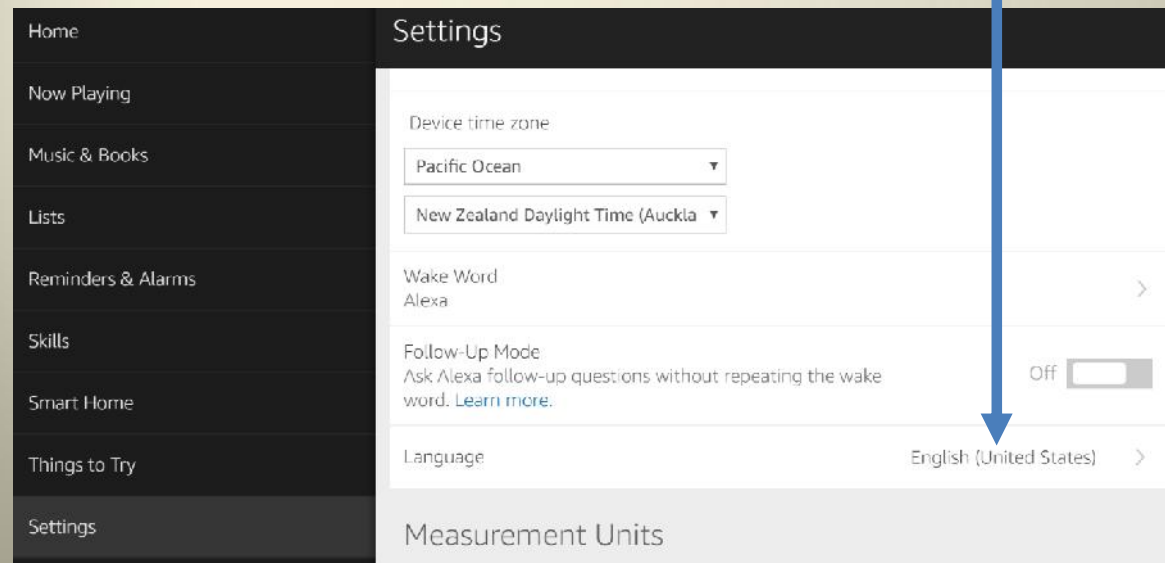

Axiu m

Audio & Control
Systems

Scroll down to the Language area and ensure it is set to English (United States)

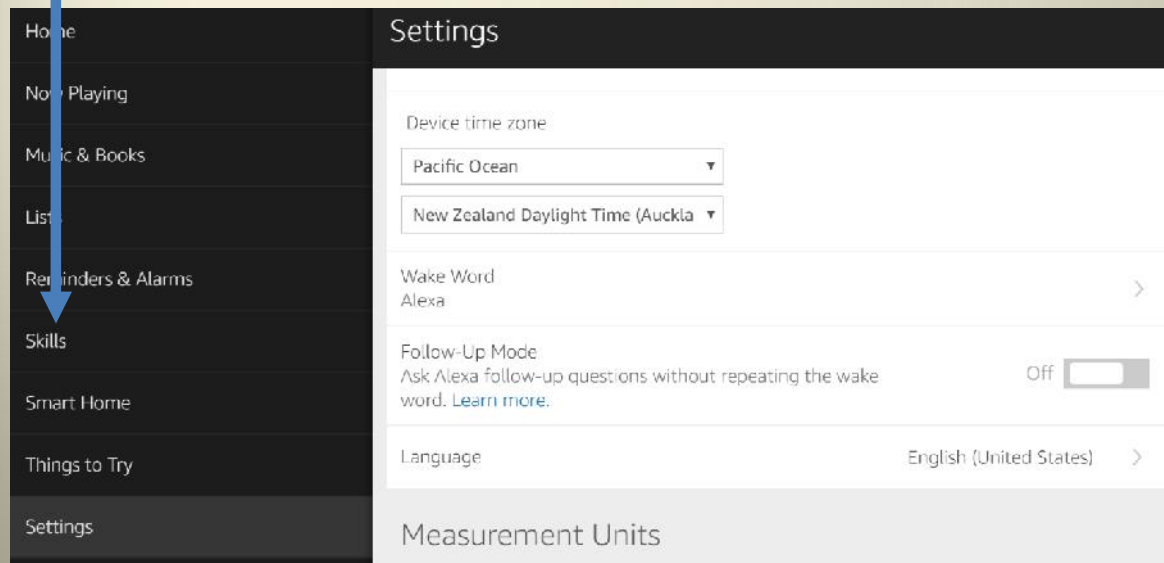

Axiom

Audio & Control
Systems

Now click on the Skills tab

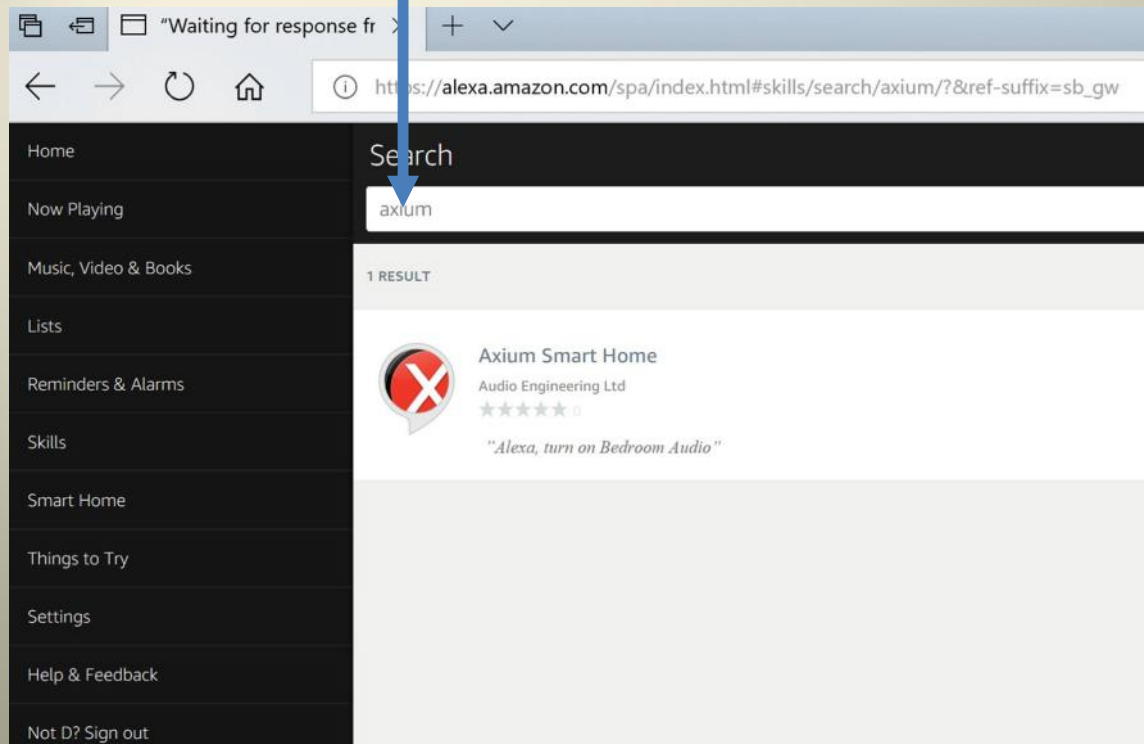

Axiu m

Audio & Control Systems

Click on the Skills tab and search for the Axiom Skill. Once found you will be told to link the skill with your account. This will require another log in.

Axiom

Audio & Control
Systems

The prompted link starts discovering devices once completed.
